

JEWISH STATISTICS

The statistics of Jews in the world rest largely upon estimates. In Russia, Austria-Hungary, Germany, and a few other countries, official figures are obtainable. In the main, however, the numbers given are based upon estimates repeated and added to by one statistical authority after another.

For the statistics given below various authorities have been consulted, among them the "Statesman's Year Book" for 1908, the English "Jewish Year Book" for 5668, "The Jewish Encyclopedia," *Jüdische Statistik*, and the *Alliance Israélite Universelle* reports. Some of the statements rest upon the authority of competent individuals, as for South Africa and Curaçoa.

THE UNITED STATES

ESTIMATES

As the census of the United States has, in accordance with the spirit of American institutions, taken no heed of the religious convictions of American citizens, whether native-born or naturalized, all statements concerning the number of Jews living in this country are based upon estimates.

THAT COUNTRY

Under Russian law, a Russian subject who becomes a citizen of another country without the consent of the Russian Government is deemed to have committed an offense for which he is liable to arrest and punishment if he returns without previously obtaining the permission of the Russian Government.

This Government dissents from this provision of Russian law, but an American citizen, formerly a subject of Russia, who returns to that country places himself within the jurisdiction of Russian law, and can not expect immunity from its operations.

No one is admitted to Russia unless his passport has been viséed, or indorsed, by a Russian diplomatic or consular representative.

A LIST OF BOOKS AND ARTICLES BY JEWS IN
THE UNITED STATES

AUGUST, 1907, TO JULY, 1908

[The following list is an attempt to record the literary output of the Jews in the United States in certain limited directions. It aims to include books, magazine articles, and notable newspaper articles written by American Jews, whether on Jewish or on other subjects. Strictly scientific and professional work, as in medicine, chemistry, philology, etc., or relating to the technic of the arts and crafts, has not been fully drawn within the purview of the list. Also articles published in the Jewish press of the United States have not been noted here. They are indirectly made accessible to the inquirer by the complete "List of Jewish Periodicals Appearing in the United States," printed on pp. 111-16, and the most important of them are listed on pp. 80-90, under the heading, "A List of Articles of Jewish Interest in the Jewish and in the General Press."]
