1941 DIRECTORY OF JEWISH FEDERATIONS, WELFARE FUNDS AND COMMUNITY COUNCILS

Compiled by

COUNCIL OF JEWISH FEDERATIONS AND WELFARE FUNDS, INC.

The present Directory lists the names, addresses, executive officers, date of organization and functions of formally organized central agencies — Federations, Welfare Funds and Community Councils — for the planning and financing of Jewish welfare needs in 266 cities in the United States and 9 in Canada. The list does not include the large number of local funds known to function from year to year in behalf of the United Jewish Appeal without a continuing type of organization.

All information on agencies listed has been derived from data supplied by the agencies themselves.

While incomplete, the Directory includes practically all Jewish communities in the United States with a Jewish population of 500 and over, and about one-half of the smaller communities numbering 200 to 500 Jews. These communities comprise close to 97% of the total estimated Jewish population of the United States and about 85% of the Jewish population of Canada.

It should be noted that the agencies listed vary considerably in form of organization, scope and function. Functions of agencies have been classified as follows:

a) Administration of local social services
b) Administration of local social services and support of affiliated local organizations
c) Coordination and support of local social services
d) Support of national welfare programs
e) Support of overseas welfare programs
f) Cooperative local councils on Jewish welfare problems and general needs.
The latter function, it may be added, is known to be exercised by a much larger number of organizations than those specifically so designated.

Classification of functions performed by the agencies in this Directory are indicated as above by the letters a, b, c, d, e, or f, appearing in parentheses after the name and date of organization.
