Jewish Federations,
Welfare Funds,
Community Councils

This directory is one of a series compiled annually by the Council of Jewish Federations and Welfare Funds. Virtually all of these community organizations are affiliated with the Council as their national association for sharing of common services, interchange of experience, and joint consultation and action.

These communities comprise at least 95 per cent of the Jewish population of the United States and about 90 per cent of the Jewish population of Canada. Listed for each community is the local central agency—federation, welfare fund, or community council—with its address and the names of the president and executive officer.

The names “federation,” “welfare fund,” and “Jewish community council” are not definitive and their structures and functions vary from city to city. What is called a federation in one city, for example, may be called a community council in another.
